

SPORT TOURING RADIAL

**ROADTEC
INTERACT Z8**

With Interact™ Technology Enjoy the Distance Safely

- Interact™ Technology with three zone steel string tension layout that enhances ride enjoyment: High Mileage and Safety Feeling when cornering.
- Dual compound on rear (M) and (O) special version, with five zone steel string tension layout provide the best wet performance in the Sport Touring segment.
- Riding easiness, Predictability, Neutrality in maneuvers.
- CMT (contour Modeling Technology) delivers more intuitive and effective handling characteristics.
- TT shaped tread pattern design provides improved water drainage, safety on wet and modern look.

SPECIAL VERSION

Front E 120/70 ZR 17 M/C (58W) TL 2126600. Different tyre profile developed for enhanced handling. **Honda** Integra NC700, NC700S, NC700X.

Front M 120/70 ZR 17 M/C (58W) TL (M) 2283600. Different Compound for improved wet grip. **All brand** All models.

Rear C 180/55 ZR 17 M/C (73W) TL 2008500. 2 plies Rayon for improved stability. **All brand** All models.

Rear M 180/55 ZR 17 M/C (73W) TL (M) 2283700. Dual-Compound. **All brand** All models.

Rear O 180/55 ZR 17 M/C (73W) TL (O) 2283800. Dual-Compound, 2 Plies carcass. **All brand** All models.

Rear M 190/50 ZR 17 M/C (73W) TL (M) 2283900. Dual-Compound. **All brand** All models.

Rear O 190/50 ZR 17 M/C (73W) TL (O) 2284000. Dual-Compound, 2 Plies carcass. **All brand** All models.

Rear C 190/55 ZR 17 M/C (75W) TL 2058200. 2 plies Rayon for improved stability. **BMW** K 1600 GT/GTL.

Rear M 190/55 ZR 17 M/C (75W) TL (M) 2284100. Dual-Compound. **All brand** All models.

Rear O 190/55 ZR 17 M/C (75W) TL (O) 2284200. Dual-Compound, 2 Plies carcass. **All brand** All models.

PRESS

Germany

“...Everyday-oriented touring tyre with good feedback from wet conditions, excellent wet ride and less wear. Total power: 1st place...”

Issue: 11/2012

MOTORCYCLE NEWS

UK

“... the Metzeler Roadtec Z8 Interact are “best in test”. The time set by the new Metzeler is staggering. They offer instant confidence and a great feeling of grip in puddle-strewn conditions. It feel easy to get your knee down in some of the corners - like race wets for the road. [...]The Roadtec Z8 Interact is 2-3 seconds a lap faster than the competition around a short test track. Lap times aside, the test shows which tyres will give you a larger margin of error when you encounter the unexpected on the road. The other latest-generation sports touring tyres are still very good, but the new Roadtec is in a class of its own in the wet...”
